Here's a "GoogleMaps" link for the location...

If this new location works out for everyone, it may serve as a more permanent location for our USTF seminars. Which is very good for our little group. Unfortunately, not being a restaurant, there won't be food served at this location. If you want to bring something to eat there, you are most welcome to do so. If you need advice on restaurants in town to eat before hand (or after), I'd be happy to help you with that. The same goes if you need pointers to College Station grocery stores. I'd be happy to help there too. When we all get together on the 28th, perhaps we can discuss a better food solution for future seminars, but for now we are going to keep it as simple as possible.

Now to the good stuff... The topics of discussion at this seminar:

- (1) Demonstration by Patty & Gisela on how to train our Timbrados for this year's shows.
- (2) I'll bring some of my breeder males for the demonstration (hopefully they will sing and not just molt).
- (3) Perhaps Ray Terrazas will have some of his show cages for sale there. Hint... Hint... If you know that you will need some, please contact Ray ahead of time so he can accommodate your needs.
- (4) Perhaps Henry Vela will be there to tell us all about the National NCA show in Plano this November. Hint... Hint... OK, that's about colorbreds, but that way Henry HAS to attend the seminar.
- (5) As always: Any other topics you wish to discuss... We are open to your suggestions. Please let your officers know how we can better serve you.

Reminder: We're calling this a seminar; but really, it's not nearly that formal. It's simply an opportunity for all of us to get together for a fun, laid-back afternoon of "Timbrado Talk". Where we can all share and learn from each other. I think everyone at the May seminar will attest... The fellowship with other Timbristas will be beautiful and the information will be bountiful. Please mark your calendars and make plans to join us next Saturday!

See you on the 28th,
Jay Bird
